

Timber Frame Compartment Separating Floor

Please note that the material specifications given in this detail are selected from the options given in the Timber Compartment floor Detail E-FT-1 in the Robust Standard Details Part E: Resistance to the Passage of Sound, 3rd Edition August 2007. For full details and alternative material specifications please refer to this document. Alternative solutions may be required in Scotland, therefore refer to The Scottish Building Regulations, Part 5: Noise.
